
Press Release

John Strand MK Ltd, Experts in Compact Living.

John Strand (MK) Ltd has been established for over 30 years and in this time we have become an authority on compact living solutions; specialising in mini-kitchens.

The famous John Strand Mini-kitchen is a popular choice as a tea station in schools and offices, and also for studio apartments. At a mere 1 metre long, this strong, steel constructed kitchen with Electrolux appliances make it as popular a choice today as it was in 1979.

Our range of kitchens also includes a diverse array of design possibilities and arrangements but all kitchens are delivered ready-made; only connection to water/waste, plug in and they are ready to use, saving essential time and labour costs.

We work closely with specialised furniture manufacturers in the UK and Europe to ensure only the best products are selected to maximise small space living and in addition to kitchens, includes; wall-beds, sofa-beds and coffee tables which convert in dining tables.

Based in Harrow, North West London, John Strand (MK) Ltd has a head office and showroom which sell products nationwide and offer an informed and friendly customer service from our office angels Kas and Jay, with specialist compact living design advice from Director Calvin Reeves.

To find out more visit www.johnstrand-mk.co.uk or call the showroom on 020 8930 6006
